## Family Fibre

## Set an internet pause on a device, or a person

You can pause an individual device or person from accessing the internet. Visit the device or person's profile in the HomePass App.

## Pausing an individual device

- Find the device tapping the WiFi signal button the the bottom of the home screen, then selecting the 'Devices' toggle at the top of the screen.
- 2. Tap on the device you want to pause.
- 3. Tap the 'Pause/Time-out' button
- 4. Set a pause timer for the duration you would like to set for the users profile.
- 5. To clear a pause before the time is up, you can do so by tapping on the '**Pause/time out**' button again.
